## Why VnFoodtech

VnFoodtech is the largest trade fair for Food technology industry in Vietnam. It has been hold for more than a decade and built up good reputation among exhibitors and visitors. The exhibition provides a suitable platform for companies who eager to reach new customers and also who want to seek for market trends. Most of participants were satisfied and had positive feedbacks about the fair thus many of them are willing to participate in VnFoodtech every year. Here, we want to invite you esteemed company to join us and make more commerce opportunities possible.

## Market Information

Overseas prices and demand for Vietnamese products grew strongly recently and were predicted to continue rising in the near future. Some Vietnamese agricultural, industrial, and mineral and natural resource products have seen striking growth in both price and demand including rice, coffee, pepper, rubber, coal, oil and plastic materials.

Export revenue reached \$64.3 billion during January-November, 2011. Much of the growth was represented by \$34.9 billion from industrial production, which contributed 54 per cent to Vietnam's total export revenue. Agricultural, fishery and forestry sectors earned \$13.4 billion from overseas shipments, up 21 per cent on-year and contributing 21 per cent to the country's export turnover.

## Organizers Information

- Chan Chao International Enterprise Group was founded in October, 1985 and is the first civil professional exhibition corporation in Taiwan.
